

American Legion Auxiliary
Department of California
Editor
January 2022

Thank you Madame President for this special appointment.

The Auxiliary News Hub, an online newsletter, is the official publication of the American Legion Auxiliary Department of California. It showcases recent achievements, spotlights awesome volunteers, and highlights past and upcoming events. It also serves as a recruitment tool for potential new members.

Many members have submitted articles and photos. It has been gratifying to be a part of telling the story of the successes of our units and district.

*There have been three issues thus far: August/September, October/November and December/January with three more scheduled. The Hub serves the same role for the Auxiliary as the *Legionnaire* does for the America Legion: they both are designed to disseminate valuable information to the members.*

Special thanks to Linda Hayes for proofreading and to Rebecca Glenny for posting the newsletter online.

Madame President, this concludes my platform remarks.

*Nancy Heinisch
Department Editor*
