

**American Legion Auxiliary: Juniors Activity Report**  
**Shakira Abdul-Rauf**  
**January 2022**

Despite the pandemic that we have all had to endure for the past two years, juniors all across the state of California have remained diligent in finding ways to give back to their communities and assist veterans in various ways. It is unfortunate that we have been unable to meet in person, however, hopefully, we will get to meet again soon for Junior Conference which is scheduled for April 2022.

While I am no longer an official junior I am still committed to fulfilling my duties as president. I am looking forward to junior conference this year and finally being together with everyone once again. Hopefully, we will have as much of a normal junior conference as we can. Where we will meet, have fun, and hold an election so that the next junior has the amazing opportunity to work closely with all of you and lead the future generation of veterans. I am happy to see that the pandemic did not break our community nor stop us from doing the very important work that we do.

The 2022 National Junior Meeting will be held in Las Vegas on January 29. This is a wonderful opportunity for juniors from all around to meet each other and learn more about the American Legion Auxillary. Unfortunately, I will be unable to attend because I will be in school however I have gone multiple times in the past and believe that it is such a great opportunity for juniors who all share a passion for helping others to get together. I encourage you all to sign up the young woman in your life who are eligible to join our juniors. Thank you everyone, for your continuous support and I hope to see everyone soon.
