

Veterans Affairs and Rehabilitation

April Bulletin 2022

Greetings to everyone. How did we get to the end of our year so fast? It has been a crazy, stressful year for me and I would like to thank all of you for keeping it together and moving our mission forward with grace and with the love that you have for our Veterans.

With our Mid-Year Reports being about our many accomplishments and success stories, we kind of lost track of the statistical portion of our reporting. I am asking that you look at the Impact Reports for Units and Districts that are on our website. There is a very important section for VA&R. I know that it late in the game but, we need to go back and do our best to report these statistics as quickly as possible. Unit and District Presidents we are counting on you to do your best on such short notice. My heartfelt **"Thank You"** in advance.

Vietnam War Commemoration

A great website was shared about the Vietnam War Commemoration was shared in our Western Division VA&R monthly meeting.

[HTTPS://www.vietnamwar50th.com/](https://www.vietnamwar50th.com/) Check it out. There are Lapel Pins available for Vietnam Veterans and Gold Star Moms.

I am looking forward to your Year End Reports and to seeing you in Visalia. If I have not had the pleasure of meeting you before please don't be a stranger.

Alone we can do so little; together we can do so much. Helen Keller
