

Chaplain Bulletin

Greetings to all pastors and Ministers,

It's a sad time for all of us during this Pandemic, this year is been hard to all of us but we are all surviving.

Prayers are needed during this time. I hope everyone is safe, I want to see everyone healthy.

We are all good listeners, and always ready for spiritual advice to whom ever needs it. Always remember knowledge can be taught and learned, but life and love should be felt. Caring is more important and a patient heart to listen.

Let's send some prayers to our veterans and their family, to our friends who are in distress and most of all to everyone who needs it.

Also, a gentle reminder, all mid-year report are due to the Department on **December 15 ,2020.**

I am so excited to hear and read all your reports.

I am asking all our Pastors and Ministers to please send me prayers that I can use for our Department President Prayer Book.

"MAY THE BLESSING OF LORD BE WITH US "

Cece Harvey – Chaplain of the Department of California
