

February, 2021

ATTENTION: All Historians & District Presidents

I'm requesting your help with 2019 – 2020 Unit & District Histories. As you all know we have had a crazy past year and a half. With not having a Convention in 2020 there weren't any End of Year reports to assist me in completing an accurate history for California. If you could please send me a report on what your Units and Districts accomplished in a report, I would greatly appreciate it. It truly would help me to complete 2019 – 2020 Written History. This would be from July 1, 2019 through June 30, 2020. Please send either via email [jeancooley45@gmail.com](mailto:jeancooley45@gmail.com) or via USPS 20600 Main St/Space 40, Carson, CA 90745-1108.

Also, a heads up I will be requesting the same information for 2020 – 2021. I know that some haven't been meeting in person or maybe not at all. But I have seen postings of events on Facebook, there has been a few things happening. This past year has not been the normal, but there is a light at the end of the COVID19 tunnel and it's starting to become brighter. So, for 2020 – 2021 EOY reports come due, the first question is "Please write a summary of what your Units and Districts have done this past year", please do not write "N/A" or "Nothing". Because there truly has been a lot accomplished this year, please let me know so I can include that in the Department Written History Report.

This written report will be a 2 year report, so that's why I need all of your help.

Thank you. Looking forward to receiving your 2019 – 2020 summary reports.

Jean Cooley-Desmeules
