Unit 472 & Girls State

February 2022. Our own U472's members were featured in this month's *CA Auxiliary News Hub*. We're proud of the excellent program these ladies pull together every year--especially during the stressful first year of COVID in 2020 when the team quickly pivoted to a virtual experience so hundreds of student delegates wouldn't lose out on a Girls State experience. The hope is for this year's program to be held in the Sacramento Area. Location to be announced as soon as we know.

See details and pictures from our [2021 Girls State Tea](#) honoring delegates from San Mateo County.
