

American Legion Auxiliary  
Department of California  
Leadership Bulletin  
August 2022

Members~

This year as we climb aboard the Friendship Train, we will be working toward completing as many ALA Academy courses as possible. Each course provides a plethora of information.

The National website states these 3 Key Program Statements, they are:

- To raise awareness of ALA leadership development opportunities.
- To promote participation in the ALA Academy.
- To enhance knowledge about ALA history, programs, and organization.

Every member, no matter what level, is a leader in some way. Find the gifts your members possess and tap into those gifts. Whether is be a great organizer, artist, cook, or ? Those resources are there for the using. Use them wisely.

After the National Convention at the end of the month, there will be more information for the coming year. I will provide it in the September bulletin.

If you would like me to visit your District to conduct a training, please provide a couple of date options and we will coordinate a plan. I am available for zoom meetings, as well.

Respectfully Submitted,

Robin Falkenberg

Dept. of California  
Leadership Chairman
